DETAILED ACTION

Response to Communication(s)

1. This office action is in response to the RCE filed on February 13th, 2009. Claims 1-17 are now canceled. Claims 18-35 are now pending in the application.

Response to Arguments

2. The 35 U.S.C. 102(e) and 103(a) rejections to claims 18-35 have been withdrawn in light of applicant's amendment filed on 10 June 2004.

Allowable Subject Matter

3. Claims 18-35 are allowed. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record, considered individually or in combination, fails to fairly show or suggest the claimed method (see claim 18) for transmitting data signals in the communication system with access organized on the distributed basis to the access medium using a plurality of transmission modes, comprising, among other limitations, the novel and unobvious limitation of "wherein the pilot signal comprises a request for a physical expansion, ..., calculating, by the receiver, an assignment table ...; transmitting the assignment table ..., wherein the assignment table comprises acknowledgement data for the physical layer expansion ... to the transmitter." structurally and functionally interconnected with other limitations in a manner as recited in claims 19-30.

Substantially regarding claim 31, the prior art of record also fails to show the method for transmitting data signals in the communication system with centrally organized access as the same manner set forth in claim 18, structurally and functionally interconnected with other limitations in a manner as recited in claims 32-35.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tri H. Phan, whose telephone number is (571) 272-3074. The examiner can normally be reached on M-F (8:00-4:30).
